WATER EMERGENCIES

(480) 745-1427

2015 THDWID ACCOMPLISHMENTS

- Reported successful financial year with a net ordinary income of \$68,984. This was favorable by 33% due largely to new connection fees.
- Reduced the amount of the Water Infrastructure Financing Authority loan used to buy the water company assets by \$87,000 down to \$164,000.
- Reduced unmetered, unbilled water losses by 287,000 gallons and from 11.3% to 9.5%.
- Banked 43 acre-feet of water with Roosevelt Water Conservation District, 61% of our allocation.
- Reduced the unused Central AZ Project water allocation from 3 to 0.5 acre-feet, or 83%.
- Designed and completed initial installation of a computerized tank instrumentation system.
- Completed installation of a new gate, fencing, and light pole at the storage tank site.
- Designed and installed Automatic Control Valve (ACV) for storage tank.
- Began development of computerized remote control for ACV system.
- Installed 1 new and 2 replacement pipe isolation valves, allowing repairs to impact fewer homes.
- Submitted an “all good” Consumer Confidence Report (CCR) regarding water quality.
- Submitted an Annual Underground Storage Report to Arizona Dept. of Water Resources.
- Submitted an Annual Withdrawal and Use Report to Arizona Dept. of Water Resources.
- Passed a 3-year Drinking Water System Field Inspection by Arizona Dept. of Envir. Quality.
- Re-elected Ralph Spurgin and Rick Nelson to the THDWID Board.
- Appointed Christine Anderson as a replacement for Bob Swan, Treasurer.
- Spent three days surveying equipment potentially impacted by Deer Trail paving.
- Developed enhanced member emergency notification procedures.
- Sent water conservation and seasonal newsletters, including one on earthquake impacts.
- Completed an Operations Procedure review with the help of Richard Grady.
- Completed an Accounting Operations Review with the help of Leslie Martinez.
- Developed and maintained a separate THDWID web site with the help of Richard Grady.
- Completed valve & standpipe exercises and Pressure Reduction Valve inspections.
- Completed an annual inspection of the Backflow Prevention Valve for the system.
- Resolved Contractor insurance issues.
- Developed and posted Frequently Asked Questions and their answers for the website.
- Updated the Policies and Procedures and the Board Action Calendar.
- Updated and posted the leak detection companies list.
- Updated and posted the water incident and maintenance logs.
- Completed a review of the mission, strengths, weaknesses, opportunities and threats.
- Held 2015 Annual General Meeting
